“SUSTAINABILITY IN TOURISM AND HOSPITALITY” 6-week Specialization Course

Tourism and hospitality, one of the largest industries worldwide currently faces many challenges; among them the responsibility to become more sustainable. When international tourists start returning to Cambodia, quality standards will be essential, and actors in the tourism and hospitality sector should start developing quality sustainable practices. As the awareness to make sustainable travel choices increases, seeking innovative principles for long-term sustainable solutions for the hospitality and tourism industry is of vital importance.

To stimulate a continuous stream of new ideas and best practices, we invite tourism and hospitality actors to join this short specialization course in collaboration with the École d'Hôtellerie et de Tourisme Paul Dubrulle (EHT), the Foundation for Environmental Education (FEE), and the German agency GIZ Regional Economic Development Program IV (GIZ RED IV).
